

DUPAGE HOUSING AUTHORITY

ANNUAL PLAN 2015

Review for year 2018 submission

Review of Objectives and Goals from

Objective I. *Increase the availability of decent, safe, and affordable housing.*

Goal 1. Expand Supply

- a. Apply for additional vouchers and special purpose vouchers, when available to meet the needs of general or special needs populations (FUP, VASH, and general Housing Choice Vouchers).

2017 Progress: In 2017 the DuPage Housing Authority certified a total of 3,700 vouchers in DuPage County. The Housing Authority administered 800 housing choice vouchers through portability. Of the 2,900 ACC Vouchers leased, the Homeownership Program continued with 31 vouchers. 319 were leased as PBV units at the 12 various PBV sites. The remaining 2,550 vouchers were either housing choice vouchers (2,479), enhanced-vouchers (64) or tenant-protection vouchers (7).

Naperville Elderly Homes is seeking funding in DuPage County through IHDA and other sources for a new housing initiative and they have requested 18 PBV vouchers for this project.

In the Fall of 2017, DHA submitted an application to obtain at a minimum 25 VASH vouchers for DuPage County. Positive feedback has been received from HUD; but no official letter has been received as of yet.

2016 Progress: The Project Based Voucher senior wait list closed at the end of our fiscal year on June 30, 2016. Approximately 1,000 positions are filled on the several lists for the 13 properties with numerous applicants on multiple lists. The Housing Choice Voucher general wait list opened for new applications on June 20, 2016 and 1,800 applicants were added based on date and time of application and not a lottery. Going forward the wait list will be open a shorter period of time but opened more frequently. The new homeless preference that was

approved in 2015 was implemented when this wait list opened.

DHA initiated an RFP process and issued an RFP to determine interest of property owners who may want to do projects within DuPage County that have PBV's as a part of their subsidy layering financing. Nothing beyond the RFP relative to new PBV's is planned for this Fiscal Year. The selected owner is planning for a 68-unit elevator low rise for seniors in Naperville, IL with a 2019 or 2020 construction date. Total number of PBVs will be no more than 15 should they get an award.

By initiating the PBV process we will be in a position to assist a housing conversion action project at Mayslake Village in Oak Brook, IL that received Enhanced Vouchers in 2016, and whose tenants want to relinquish them and switch to PBV assistance under PIH 2013-27

2015 Progress: The PBV Senior wait list was opened January 2, 2015 and remains open indefinitely. We anticipate to close this list at the end of our fiscal year on June 30. Approximately 1,000 positions are filled on the several list for the 13 properties with numerous applicants on multiple lists. The Housing Choice Voucher general wait list has less than 300 applicants remaining to be served from the 4,500 applicants added in September 2010. Strategy is expected to change when the list next opens for new applications when the list will be populated based on date and time of application and not a lottery. Going forward the wait list will be open a shorter period of time but opened more frequently. The new homeless preference that was approved in 2015 will be implemented when the wait list opens later in 2016.
