Information on Local Preferences

Local Preferences are used to give a priority to serving applicants on the wait list that qualify for the preference. Once an applicant is on the wait list, additional points from any preferences chosen are applied. These additional points move the application to a higher position on the wait list, allowing the applicant to be served sooner.

Please Note: Preferences selected must be verified. If you are unable to verify a preference you select, or found ineligible for a preference you select, your pre-application will be moved to the bottom of the wait list.

Select the preferences that apply to you from the list below. You will be required to submit verifiable documentation no later than 60 calendar days from the date on your pre-application confirmation, to support that you qualify for any preference chosen.
